

VISAYAS
STATE UNIVERSITY

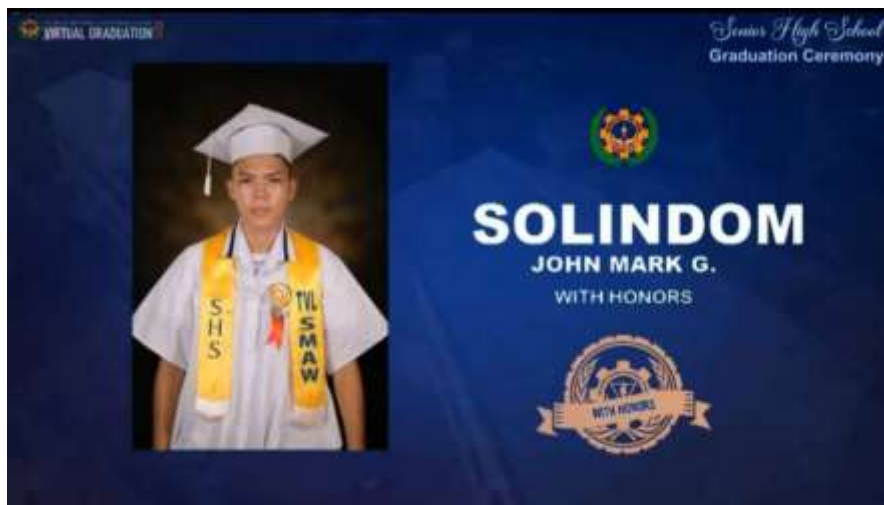

DEPARTMENT OF **MECHANICAL
ENGINEERING**

Senior Highschool

I studied in Hilongos National Vocational School from year 2019 to 2021. I focused more on science, mathematics, and technology, subjects that aligned with my growing interest in engineering. Senior high school provided a deeper understanding of these areas and helped me solidify my career goals. I also became more involved in extracurricular activities, working on group projects and collaborating with others, which strengthened my leadership and teamwork skills.

Achievements:

- Graduated as class With Honor
- Consistent honor student from grade 11 to 12
- Elected as Class president

DEPARTMENT OF MECHANICAL ENGINEERING
